

# CUTTING EDGE PLANS TO FIT ANY LOT...

For Individuals, Builders, Developers, Land Planners and Engineers. Architectural/Structural Plans, Material Take Offs, Installations, and more ...

[www.houseinabox.com](http://www.houseinabox.com) | 888.342.9079 | 843.442.5487

# HIAB provides structurally engineered architectural plans that can be built individually or in combination.

(Plans include pricing and material take offs from foundation through finished shell.)

## Pricing

All unit pricing is at “builder cost” from national suppliers and contractors in the Charleston, SC, area. Our prices can be used as a template to compare prices in other areas and if desired, bid plans with other contractors.

Don't lose lots! Increase density and maximize usage. HIAB units for single impacted lots or whole subdivisions with difficult easements, grand trees, unsightly neighbors and other challenging conditions can save projects and lots.

# Why live under just one roof? Try unit combinations for courtyard living.

800 Newport with Lower Option

317 Aspen on Piers

1050 Meeting Street

Unit #11 Combination

Maintain the value of your property and achieve maximum sales prices on land and lots impacted by set backs, easements, narrow frontage and other challenges.
